

[About parking lots]

If all the parking lots shown above are full, please use other parking facilities nearby.

[The 2nd parking lot]

Please follow the solid arrows on the map. After receiving a parking slip from the studio staff or at the front, pass Megurofudo intersection and turn right at Kinokuniya HQ, then go right (narrower street) at the fork and you'll find the parking lot at the left. Place the parking slip on the dashboard when parking.

[The 4th parking lot (reservation needed)]

Please follow the thick dotted arrows on the map. After calling the guard at the multistory car park, go through Yanagidori and Yamatedori, and enter the car park from Yamatedori. DO NOT go through the multistory car park when going to the 4th parking lot as it conflicts with the Road Traffic Law.
